ODYSSEY Powersport Battery Model PC625 (with brass M6 side terminals) Powersport vehicles need a powerful battery that's built to take the constant pounding that comes with the territory, whether it's on land, sea, or snow. MK Battery provides the highest quality and most environmentally responsible sealed battery solutions for specialized deep-cycle and standby power applications. A True Lithium Iron Phosphate battery for powersports applications! The Shorai LFX36L3-BS12 is a great upgrade to the heavy and hazardous lead acid battery alternative. This LiFePO4 battery has 405 CCA and weights just over 4 pounds. search titles only has image posted today miles from zip. price
