Sir David Attenborough: The Truth About Climate Change, October 22, 2006 . As well as the links above, see also Skeptical Science, which, while examining the arguments of global warming skepticism, provides information on causes of anthropogenic global warming.. Doesn't recent record cold weather disprove Global Warming?Education in Japan is compulsory at the elementary and lower secondary levels. Most students attend public schools through the lower secondary level, but private education is popular at the upper secondary and university levels. Education prior to elementary school is provided at kindergartens and day-care centers. Public and private day-care centers take children from under age 1 on up to 5 ...Access Google Sheets with a free Google account (for personal use) or G Suite account (for business use).Although the price of new plants in China is falling rapidly, approaching \$1500/kW (or about a fifth of the cost of some plants currently being built in Europe), John Quiggin, an economics professor, maintains that the main problem with the nuclear option is that it is not economically viable. Professor of science and technology Ian Lowe has also challenged the economics of nuclear power.
