I have been using Hands-On Labs in our online General Chemistry course for two semesters. Hands-On Labs is great! Our online students love getting to perform hands-on chemistry experiments at home, and I love that they are getting an experience that is very similar to our on-ground students. Investigate the structure, properties, and transformations of matter with our engaging chemistry experiments with our chemistry lab kits. Our hands-on lab kits contain glassware and equipment that is equivalent to campus laboratories, and our high-grade chemicals are delivered in small-scale quantities safe for home use. chemistry hands on labpaq kit lab manual chemistry hands on labpaq pdf EXPERIMENT Biochemical Testing for Microbial Identification “ Carbohydrate Fermentation Testing Hands-On Labs, Inc.
