

Download Core Measure Pamphlets 2014

The White Rose (German: die Weiße Rose) was a non-violent, intellectual resistance group in the Third Reich led by a group of students and a professor at the University of Munich. The group conducted an anonymous leaflet and graffiti campaign that called for active opposition to the Nazi party regime. Their activities started in Munich on 27 June 1942, and ended with the arrest of the core ...

The TB skin test. The TB skin test may be used to find out if you are infected with TB bacteria. You can get a skin test at the health department or at your doctor's office. A health care worker will inject a small amount of testing fluid (called tuberculin or PPD) into the skin on the lower part of your arm. After 2 or 3 days, you must return to have your skin test read by the health care ...

Decision aids are interventions or tools designed to facilitate shared decision making and patient participation in health care decisions.. Decision support interventions help people think about choices they face; they describe where and why choice exists; and they provide information about options, including, where reasonable, the option of taking no action.
