NEW from Delta Education, publisher of quality hands-on science education products for over 30 years, comes ScienceFLEX. Our new supplementary science modules integrates hands-on activities with authentic reading instruction in a flexible, easy-to-use package. In this lab, we'll be studying properties of heat. By looking at heat transfer between a metal and water we will be able to identify a property of the metal called specific heat. Active Learning for Life, Earth, and Physical Science. FOSS Third Edition is an inquiry-based hands-on program that engages students in the study of the concepts and practices of science. The FOSS developers at the Lawrence Hall of Science, have spent more than 20 years working in classrooms with teachers, synthesizing data from research, and testing prototypes.
