

Download Goldline Aquarite Manual

Aqua Rite chlorine generators operating with software version 1.50 or later are designed to use one of 3 different chlorinator cells that are available from your authorized Hayward dealer. These cells are not included with the Aqua Rite and must be purchased before installation. Choose the appropriate cell based on the size of your pool. I spoke with the tech support at Aqua Rite/Goldline. They asked me to run through the prompts on the diagnostics button and the first is temp. My temp says 237 ,no degree symbol but that is what it says. They told me the temp. sensor is failed in the T-15 cell and the cell will need to ...
