Service Manager Pro Motorcycle, ATV, Personal Watercraft, and Snowmobile Flat Rate Labor Guide, and service interval guide is the most cost effective and easiest way to increase service department profitability. Rated 5 out of 5 by DENNISnALABAMA from Stage IV in 2012 FLHTK After test riding a new Milwaukee 8 bike, the only thing wrong with my FLHTK 2012 bike was I rode the new, very high torque Milwaukee 8. After having the 103 Stage IV kit installed and Dyno tuned using a Screamin Eagle Performance Tuner, I got 107.4 HP max and 110 ft-lbs Torque. Rated 4 out of 5 by FireBadger569 from Great Product, Hidden Cost I bought this for my 2016 Breakout. The install was time consuming since the connectors are on the frame underneath the tank, which had to be slide back. It looks as I expected for a part from Harley.
