What is a screenplay? A screenplay is a document that tells the film production team what they need to film. It may sound like a simple description, but do not be deceived – its full significance will become clear by the end of this article. If you're trying your hand at romance writing, one of the most popular fiction genres, you've come to the right place. Here you'll find information on developing a dynamic, engaging heroine, her perfect lover, and the conflict that separates them. I was going to write an article today about why Luke Skywalker is legendary and Rey is forgettable. But I was afraid if I posted another Star Wars article, I would need to place archers on top of my building.

1. Write or obtain an awesome screenplay. Without a dazzlingly awesome screenplay you are dead in the water. Beautiful lighting, creative camerawork and smooth editing are pointless if the story isn't compelling.
