We offer over 40,000 homeschooling and educational products at discount prices, while providing friendly customer service and homeschool consultants to answer your curriculum questions. Online homework and grading tools for instructors and students that reinforce student learning through practice and instant feedback. This college-prep biology course is designed for the student who has completed biology and chemistry. Completing both Exploring Creation With Biology and The Human Body gives students the equivalent of a university biology course, covering a typical "advanced placement" (AP) curriculum, and preparing students for the AP (Advanced Placement) or CLEP (College Level Examination Program) tests.
