Mercedes-AMG GmbH, commonly known as AMG, is the high-performance brand used by Mercedes-Benz. AMG independently hires engineers and contracts with manufacturers to customize Mercedes-Benz AMG vehicles. Mercedes-AMG is headquartered in Affalterbach, Baden-Württemberg, Germany.. AMG was originally an independent engineering firm specializing in performance improvements for Mercedes-Benz ...The Mercedes-AMG One (R50, stylized as ONE) is an upcoming limited-production plug-in hybrid sports car manufactured by Mercedes-AMG, featuring Formula One-derived technology. It was unveiled at the 2017 International Motor Show Germany by Formula One driver Lewis Hamilton, who worked on the development of the car, and Head of Mercedes-Benz Dieter Zetsche. The AMG exterior design for the Mercedes-AMG S 65 embodies a maximum of exclusivity and dynamism. Key features of the V12 model are the front end with its radiator grille and vertical ribs in high-class chrome, as well as exclusive air inlet grilles in high-gloss chrome. With the Mercedes-AMG SL 63, AMG underscores once more its determination to make the most of everything – every moment, every meter. Let yourself be inspired by the confident power development, the exceptional driving dynamics, and the beauty and elegance of a pure-bred sports car, which already makes clear what it is created for: driving performance.
