Additional products for you... 220 Piece Lego Cdéfis, mathématiques, problès ouverts, aires, opérations, sudokus, rallye math, multiplication, division, addition, triangles, polygones les chiffres chinois ... My son is 3 and he does all but 10 or so of the items above. I know all children are different and develop at a different rate, but if you spend time with your child every day, read them a story, play with them, and expose them to different environments, they inevitably pick things up. (Click here for bottom) P p p, P Momentum. Utility of the concept of momentum, and the fact of its conservation (in toto for a closed system) were discovered by Leibniz. p. Page. Equivalently: pg. Plurals: pp. and pgs. P
