Family therapy, also referred to as couple and family therapy, marriage and family therapy, family systems therapy, and family counseling, is a branch of psychotherapy that works with families and couples in intimate relationships to nurture change and development. It tends to view change in terms of the systems of interaction between family members. It emphasizes family relationships as an ...HeaderText MainText LinkText LinkUrl PictureFilePath AlternateText SiteUrl; Take Action To Ensure Social Worker Safety: Urge your members of Congress to co-sponsor the Workplace Violence Prevention for Health Care and Social Service Workers Act.on “My advisers and professors took the time to get to know me and always offered to help support me in any capacity they could. I would often go to coffee with my professors or stay after class to chat. When you have tallied up your score, you have a reasonably good indication of your VT load. More symptoms and more scores of 3 or 4 are warning signs that you not only are experiencing VT – you’re not dealing with it.
