

Download Study Guide Organic Chemistry Mcmurry 8th

Master Chemistry, One Concept at a Time. Mastery Learning activities in OWLv2 enable students to work at their own pace until they understand each concept and skill. Instant feedback and richly dynamic problem sets encourage understanding over memorization. Naphthalene (also known as naphthalin, naphthaline, moth ball, tar camphor, white tar, or albocarbon), is a crystalline, aromatic, white, solid hydrocarbon, best known as the primary ingredient of mothballs. Naphthalene is volatile, forming a flammable vapor. Each molecule of this substance consists of two fused benzene rings. As its most abundant single component, it is obtained from coal tar ...
