

# Download Super 6 Making Connections Lessons

Super Bowl XLII was an American football game between the National Football Conference (NFC) champion New York Giants and the American Football Conference (AFC) champion New England Patriots to decide the National Football League (NFL) champion for the 2007 season. The Giants defeated the Patriots by the score of 17–14. The game was played on February 3, 2008 at the University of Phoenix ...Here's an explanation (if you wanted one) I easily haven't written new material in 6 months, perhaps even a year. I got very busy with work and grad school that I completely lost the balance in my life. I have always been fascinated by connections between math and other disciplines. From my experience, students are more motivated to learn math when these connections are made in the classroom. This article is devoted to connecting math with other disciplines (science, social studies, etc.) and with the real world. It includes teaching ideas as well as links to related "I am a Bucket Filler" Coloring Page This is a great coloring page for kids to show they are bucket fillers!
