

Download Swimming Pool Design Guide

Pool Designs “Everything begins With a Plan.” If you want to plan and draw your own swimming pool construction plan then download our Free guide. A swimming pool, swimming bath, wading pool, or paddling pool is a structure designed to hold water to enable swimming or other leisure activities. Pools can be built into the ground (in-ground pools) or built above ground (as a freestanding construction or as part of a building or other larger structure), and are also a common feature aboard ocean-liners and cruise ships. What is Pool Studio? Pool Studio is incredibly fast and easy to use 3D Swimming Pool design software. Our “Instant 3D” design software is unique, making it quick and easy for you (whether you live and breathe AutoCAD or you don’t even like turning on your computer) to create, share, and immediately modify fully-interactive, customized 3D swimming pool design presentations. Australia’s largest swimming pool builder, Blue Haven has lead in affordable and stylish pool design and building since 1973. Our long history of providing creative and elegant designs has resulted in over 70,000 Australians saying “YES”.
